Install in Accordance with NEC and Local electrical codes

1. Contact the local authority having jurisdiction prior to installation
2. If the sign is not provided with a disconnect switch, then a disconnect must be provided at the site.
3. The channel letters should be assembled and mounted as shown in the figure.
4. Use only the mounting hardware provided with each letter and transformer enclosure for the installation.
5. Locate and mount the remote transformer enclosure inside the building in a location accessible to inspection by the local authorities.
6. Connect Black to Black and Red to Red Low Voltage wires from letters to transformer leads as described in install diagram.
7. Connect the transformer primary to a 120 volt AC branch circuit supply.

Note: the suitability of grounding and bonding is to be determined by the local authority having jurisdiction.

FRONT LIT LED FLUSH MOUNT CHANNEL LETTER SECTION DETAIL

NOTICE
 This sign is intended to be installed with the requirements of Article 600 of the National Electrical Code and/or other applicable local codes. This includes proper grounding and bonding of the sign
